

During the month of December on various nights, I had the same dream about CWCC members being in a spacecraft. In the dream I saw Pastor Leander Robinson and various members aboard the ship. I was also aware that God was in the spacecraft with us and that He had given the coordinates to Pastor for the journey.

Once Pastor entered the information into the ship's navigation system, he then sat down and the ship was traveling as if it was on autopilot. Everyone aboard the ship was moving around the cabin carrying out their specific duties. And there were aircrafts continuously flying in and out of the spacecraft carrying out their assigned missions without any issues.

However, there was a sudden sound of a blaring alarm going off throughout the entire ship, **WARNING! WARNING! WARNING!** As the warning siren was sounding off, Pastor remained calm. And as Pastor remained calmed; we remained calmed and continued to carry out our duties. The coordinates of the ship never changed. I then awoke from the dream.

On Sunday, 01/15/2023, during the church service, the Lord reminded me of a quote I heard from Les Brown. **"WHEN THINGS GO WRONG, DON'T GO WITH THEM!"** That is exactly what happened in the dream. Although the warning alarms were sounding off throughout the spacecraft, no one was shaken or panicking about it. Each one continued to do his or her assigned duty.

The Lord then reminded me of my 2017 prophetic word and of how I had so much peace in the midst of God's silence. I was led to share that word again this year.

"I've been seeking His face since last year and there has been a complete silence. However, on yesterday, something was different for me. There was a peace and calmness that came with the silence. It was not like times past that I was so busy when I couldn't hear. I was fully engaged and there was silence. For months I have been tossing and turning in my sleep and last night a rest came upon me. There is a sensing in my spirit that the Lord is going to manifest the things that He has spoken to us from years past."

I have the same sensing that God is calling us to rest in His peace and calmness this year. Those who are fully engaged in the things of God and who are busy carrying out His will will also be in a place of peace. You will also have a knowing that everything is going to be alright.

In the dream God made me aware that He was in the spacecraft with us, which signifies that He's leading us and protecting us. It also speaks to the level of trust we have in God and our Pastors who are following hard after God. I am also aware that I stated Pastors instead of Pastor regarding the dream and trust. In the dream I specifically saw Pastor Leander but I sensed Pastor Lois being there with Pastor without seeing her. This is because Pastors Leander and Lois are one in their marriage and the ministry. They both lead us with one heart, one vision, and one sound.

If you recall in the dream as the warning sounds were blaring throughout the spacecraft, Pastor never changed the course of the ship and he never left his place of rest in his seat. We remained on the designated course, **STEADY AS SHE GOES!**

This is a year of doing and resting! I see people who are busy and yet relaxed. There is a sense of calmness on everyone who are fully engaged in the things of God this year.

**Isaiah 26:3 AMP**

**“You will keep in perfect and constant peace the one whose mind is steadfast [that is, committed and focused on You—in both [inclination and character], Because he trusts and takes refuge in You [with hope and confident expectation].**
