

Saints, in 2015 I began to tell you by the Spirit of God that it was going to be a good year. And it was a great year of blessings. We were tested all kinds of ways. We were hit with all kinds of blows from our adversary, the Devil. When things got rough, you had to know that God was still in charge. We got to know God as "I AM." God blessed all of us. Some came back and told what great things God had done for them. Some still have not told what God has done. Romans 12:11 says, "And they overcame him by the blood of the Lamb, and by the word of their testimony and they loved not their lives unto death."

A word for 2016: I sense that we will be moving by the Spirit of God by leaps and bounds. This is a leap year. We have learned about how faith works. We studied a whole year how this thing works. We learned that faith has to be taught. This year, for those who were faithful and let Me build their foundation, you will see Me in a greater way. T. D. Jakes preached, can you stand to be blessed. The blessings are coming in leaps and bounds, but you had to have the foundation built in order to be able to stand with what I am going to do for you and through you for My kingdom, says the Lord. Some have had to be thrust in place. Thrust means push (something) suddenly or violently in the specified direction. (She thrust her hands into her pockets (more) shove; push.) Saints you thank Pastor for pushing you in place through the leadership of God, says the Lord. We are going to do great and mighty things this year.
